

GLASS CRUSHER

Model 95-2

Delivers Size Reduction of 80% in Volume

- ▶ Rated capacity of over 600 glass bottles per hour.
- ▶ Crushes up to and including 1-gallon size glass jugs or bottles.
- ▶ Lightweight; easily moves from one drum to another. Fits over 30 and 55-gallon drums.
- ▶ Special hardened steel impellers give maximum resistance to wear.
- ▶ Machine crushes efficiently as fast as operator can feed it.
- ▶ Factory-direct parts and service.

Save time, money, labor and space with this new improved crusher from PRODEVA. We've made our popular, original design even better with more features. Machine is ideal for bottlers, recycling centers, cafeterias, restaurants, taverns, municipalities and institutions. Users like the big savings and convenience in removal and handling costs. Like all PRODEVA products our Model 95-2 is made for hard use, trouble-free operation and dependability for years in service.
